## 23. The Far Side \*\*

**Difficulty:** 5.7+, 60ft.

**Protection:** G/PG - small wires, r cams, pin, bolt.

**Description:** Past the huge SPID cave continue right on a shelf until come to a blocky left facing corner with a tree growing out of it (just of FLAT VISION).

Monkey up a hard move past the (use the tree for a 5.7 grade) then easy chimney to the top of the block. Climb sweet low angle face past a bolt and a sweet, steep, final but to a ramp that leads up to the anchors.

All fixed pro placed on lead and all cleaning for the first ascent was done on lead as well, resulting in the usual exciting shenanigans. Sunny and sheltered.

**First Free Ascent:** Nick Goldsmith Isa Oehry and Woody 11-19-01.
